

LOOK! We've enhanced the 2746 printer

# 2746e™

- **Affordable, basic commercial bar code printer**
- **Sturdy metal construction**
- **Simple to use**
- **Enhanced connectivity & software features**

This newly re-styled low-cost metal printer will appeal to those people who need a basic, no-frills printer for moderate volume labelling in a commercial or light industrial environment. It will suit a variety of general business applications. Priced at under €1400/£900, the printer is excellent value for money and now offers extra connectivity and intelligence.

## What's new about the 2746e

- \* **USB (V1.1) standard interface** for plug-and-play applications.
- \* **Internal Ethernet option** - easy connection to a LAN network and with no additional space or power needed. The card is protected from damage and cannot be accidentally knocked loose.
- \* **Intelligent built-in software & printhead odometer** - users can set printhead maintenance reminders to ensure reliable performance and reduce total operation cost.
- \* **Media window in side cover** - for easier viewing of your label and ribbon supply.
- \* **Standard 512K SRAM & 1MB Flash as standard** - increased download capacity for fonts and graphics.
- \* **Auto-calibration** - activated by push-button, automatically adjusts to any size label without operator modification.
- \* **Redesigned electronics and improved ribbon spindle design** - for enhanced reliability.
