CITIZEN OP900

DYE-SUB PHOTO PRINTER

Features

- Easy media loading from the front of the printer with drop-down access to media bay.
- Fast printing with 4x6 inch prints every eight seconds and 6x9 inch prints in seventeen seconds.
- Double-buffer operation means continuous operation at full speed and no delays between prints.
- PSS-II proprietary powerful high-performance engine which provides quiet, high-speed printing.
- Monitoring tools and drivers for the latest operating systems to provide print counts and counter resets.
- Out-of-the-box colour profile provides excellent colour balance and colour matching meaning no specialist profiles are needed to get great results.
