

Passport™ by Datamax

The Passport™ by Datamax is an easy to operate portable display terminal that offers the user the capability to interface with any of the Datamax thermal printers for a complete stand-alone label printing and data collection system. The conveniently designed QWERTY keyboard is a 63-key, multi-function keypad with LCD display. With a total memory capacity of 8K, the Passport by Datamax can easily store a maximum of ten label formats. Separate memory modules can also be programmed for printing at multiple stations. Another innovative label printing solution from Datamax – the **Passport™ by Datamax**.

Form Factor:

- 1.375"H (35mm) x 9"W (229mm) x 4"D (102mm)
- 11 ounces (300 grams)

Keyboard:

- 2 line/20 character display
- 63 function touch keys, QWERTY layout
- "Power on" indicator LED
- Control port: RS 232 (9600 baud, 1 stop bit, 8 data bits, no parity)
- User assigned input port: RS232 (4800 baud, 1 stop bit, 8 data bits, no parity)

Power:

- Provided by printer during printer operation
- Provided by external +5VDC adapter for:
Downloading label formats from a PC
