

Take the PC out of the Picture:  
Think Datamax.

INTRODUCING THE NEW DATAMAX MCL-ENABLED LABEL PRINTER.

**FORGET YOUR PC! PLUG IN THE POWER OF INTELLIGENT PRINTING,  
AND DEVELOP YOUR OWN SNAPSHOT OF EFFICIENCY.**

Program it to accommodate a variety of peripheral input devices, accept incoming data, validate it, and write it to a printer-resident text file or pass it on to a remote ERP application or database – and much more. The MCL-enabled Datamax printer is a smart, compact solution that eliminates the PC, along with PC viruses, PC hardware failures and PC operating system maintenance. For smarter, more cost-effective data collection, get Datamax into the picture.
